One partner. India's best producers.

Ram ji Traders is a global sourcing partner based in India. We work with the country's established washer manufacturers — producers with proven strength at home — and connect their products with buyers across Europe and worldwide.

Our advantage is cultural: after two years living and doing business in Germany, we run every shipment the way European procurement expects — clear specifications, firm quotations, punctual dispatch and complete, trustworthy documentation.

25-40%

typical cost advantage vs EU-sourced quotes

25-30 yrs

EPDM washer service life — buy once, seal for decades

10,000

units minimum order, scalable to full containers

2 yrs

on the ground in Germany — the EU business mindset

HOW WE WORK

RELIABILITY

TRANSPARENCY

LONG-TERM PARTNERSHIP

We represent the manufacturers. You negotiate with us — in English or German, on European terms — while production runs at Indian scale and cost.

Bitumen Washers

SELF-SEALING · WATERPROOF

A bituminous sealing compound bonded to a galvanised steel or aluminium carrier. On fastening, the compound compresses into every micro-gap — a permanent, maintenance-free watertight seal at every point. Also available in the Reflective Flake series for enhanced UV and weather resistance.

APPLICATIONS

- Metal & profiled sheet roofing
- Industrial cladding & facades
- Solar panel roof mounting
- Agricultural & prefab structures
- Screws, nuts & bolt assemblies

TECHNICAL SPECIFICATIONS

Base material	Galvanised steel / aluminium carrier, bituminous seal
Sizes	M5 - M20 · OD 15 - 50 mm · 1.5 - 5 mm
Series	Standard black · Reflective Flake (UV resistant)
Properties	Compression seal, self-sealing, zero maintenance
Compliance	ISO & BIS-certified partner production

EPDM Washers

UV · OZONE · CHEMICAL RESISTANT

High-performance synthetic rubber engineered for extreme service. It holds its seal thermal-cycle after thermal-cycle — where neoprene and natural rubber crack, EPDM endures. The global standard for long-life fastening, available bonded to galvanised carriers.

APPLICATIONS

- Roofing & facade systems
- HVAC & air handling units
- Automotive door & window seals
- Plumbing & pipeline joints
- Marine & offshore fittings

TECHNICAL SPECIFICATIONS

Material	EPDM rubber, bonded to galvanised steel carriers
Temperature range	-40 °C to +120 °C continuous service
Resistance	UV, ozone, acids, alkalis, solvents — excellent
Service life	25 - 30 years · low compression set
Sizes	M5 - M20 · custom compounding on request

A partner that thinks like a European buyer.

01

Source-Direct Pricing

Established high-volume Indian manufacturers, one accountable export partner, no stacked margins — typically 25-40% below European quotes.

02

ISO & BIS-Certified Partners

Only proven manufacturers with documented, batch-tested quality control — certificates and test reports ship with your order.

03

European Business Mindset

Two years living and working in Germany: precise specs, honest timelines, written confirmations — no surprises.

04

Custom Sizes & Branding

Diameters, thicknesses, compounds and private-label packaging arranged with our manufacturing partners — your brand, their craft.

05

Complete Export Documentation

COO, Bill of Lading, Commercial Invoice and Packing List handled end-to-end. Your customs broker receives a clean, complete file.

06

Dedicated Export Manager

One point of contact from inquiry to delivery — same person, fast answers, proactive updates in your time zone.

Cheaper to buy. Cheapest to own.

A washer that fails costs far more than its price — leaks, corrosion, re-labour, replacements. Our EPDM holds 25-30 years: one purchase replaces five to eight cycles of inferior product.

25-YEAR COMPARISON

CRITERION	Commodity rubber	Low-cost import	Our EPDM source
Expected field life	3 - 5 yrs	4 - 7 yrs	25 - 30 yrs
Leak failures · 25 yrs	High	Medium	Minimal
Replacements needed	5 - 8x	3 - 5x	1x
Repair & re-labour	Recurring	Recurring	Near zero
True cost per year	Highest	High	Lowest

ORDERING INFORMATION

Minimum order	From 10,000 units — scalable to full containers
Dispatch lead time	7 - 14 days from order confirmation
Freight	Sea (FCL / LCL) & Air — FOB or CIF terms
Export documents	COO, Bill of Lading, Commercial Invoice, Packing List
Samples	Pre-shipment sample sets for quality approval
Branding	Custom sizes & private-label packaging available

Let's talk washers.
